

25281-2B010 25281-2B020 25281-2B030 25281-2B000 Tensioner Pulley

Our Product Introduction

for more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 25281-2B010
- Minimum Order Quantity: 20 PCS
- Price: \$5.88 ~ \$6.88
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box, Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 50000 pcs per month

Product Specification

- Product Name: Belt Tensioner Pulley
- Package: Any Color Box According To Customers' Requirement
- Warranty: 12 Months
- Quality: 100% Tested
- Car Make: For Hyundai Accent For Kia Rio
- Highlight: 25281-2B020, 25281-2B030, 25281-2B000

Product Description

25281-2B010 Belt Tensioner Pulley 25281-2B020 25281-2B030 25281-2B000 For Hyudnai Accent For Kia Rio

Product Description:

A tensioner pulley is a crucial component of a vehicle's accessory belt system. It is responsible for maintaining proper tension in the accessory belt, which drives various engine components such as the alternator, power steering pump, air conditioning compressor, and water pump. The tensioner pulley ensures that the belt remains properly aligned and engaged with these components, allowing them to function optimally.

Features:

- 1. Efficient Belt Tensioning:** Our tensioner pulley is engineered to maintain optimal tension on the accessory belt, ensuring proper power transmission to various engine components such as the alternator, power steering pump, or air conditioning compressor. This promotes efficient operation and prevents belt slippage, which can lead to reduced system performance.
- 2. Smooth and Quiet Operation:** The tensioner pulley is equipped with high-quality bearings that facilitate smooth rotation, reducing friction and noise. This results in a quiet and pleasant driving experience while maintaining consistent belt tension.
- 3. Durable Construction:** Our tensioner pulley is built to withstand the demands of daily driving. It is constructed with durable materials that offer excellent resistance to heat, wear, and corrosion. This ensures long-lasting performance and reliability under various operating conditions.
- 4. Precise Fit and Compatibility:** We offer a wide range of tensioner pulleys designed to fit various vehicle makes and models. Each pulley is engineered to match the specifications of the original equipment, ensuring a precise fit and proper alignment with the accessory belt.
- 5. Quality Assurance:** Our tensioner pulleys undergo rigorous testing to meet or exceed industry standards. They are manufactured by trusted suppliers with a commitment to quality and performance, giving you peace of mind knowing that you're installing a reliable component.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
A large of stock
Professional export company
Accept small order
We can design anything well according to customers' requirment
