Automobile VVT OCV Control Valve With Engine Oil Pressure Systems

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 24355-3E000
- Minimum Order Quantity: 10 PCS
- Price: \$4.85 ~ \$5.87
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 1000 pcs per day

Product Specification

- Application: Automobile
- Packaging: According To Customers' Requirements
- Valve Type: Oil Control Valves
- Material: Metal + Plastic
- Temperature Range: -20°C To +120°C
- Engine Capacity: 2.0/2.4
- Warranty: 24 Months
- Highlight: **OCV Control Valve, OCV Control Valve, VVT Control Valve**

Product Description

243553E000 24355-3E000 VVT Oil Control Valve for 2011-2014 Hyundai Santa Fe Tucson Optima

Product Description:

The **Oil Control Valve (OCV)** is a *vital* part of a vehicle's engine. It is responsible for regulating the flow of oil to various engine components. Generally, it is managed by the engine management system and is a crucial element for maintaining the correct oil pressure and timing. This guarantees that the engine remains at its optimal performance.

Features:

Our oil control valve (OCV) allows for precise control and regulation of the flow of oil to engine components, ensuring accurate oil flow adjustment and proper lubrication for best performance.

In engines with variable oil pressure systems, our OCV works together to ensure consistent and optimal oil pressure necessary for safe operation.

Built to last long and resist corrosion, our OCV features a robust housing and high-quality internal parts for reliable operation.

Designed to match the specifications of your vehicle's make, model, and engine, it is easy to install and offers long-term, hassle-free installation.

Support and Services:

We provide technical support and services for Oil Control Valves. Our team of certified technicians and engineers are experienced in troubleshooting, maintenance, installation, and repair services. We use the latest industry-standard techniques and technologies to ensure that your Oil Control Valves are properly maintained and operating optimally. Our services include:

Inspection and maintenance of Oil Control Valves

Troubleshooting and repair of Oil Control Valves

Installation of Oil Control Valves

Replacement of worn or damaged parts

Upgrades and retrofits

Testing and commissioning of Oil Control Valves

Technical support and advice

We understand that your Oil Control Valves are highly specialized pieces of equipment and require special attention. Our team is ready to provide you with the highest level of service to ensure that your Oil Control Valves are in top condition and running smoothly. Contact us today for more information about our Oil Control Valves technical support and services.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
