

Car Power Steering Rack Replacement 56500-2S010 For Hyundai Elantra Veloster

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 56500-2S010
- Minimum Order Quantity: 10 PCS
- Price: \$52.88 ~ \$66.88
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 5000 pcs per month

Product Specification

- Name: Power Steering Rack
- Applications: Car
- Size: Customized
- OEM: 56500-2S010
- Brand: NABO
- Standard: TS16949
- Highlight: **Car Power Steering Rack,
Power Steering Rack Replacement,
56500-2S010**

Product Description

OEM 56500-2S010 Power Steering Rack Used For Hyundai Elantra Veloster 56500 2S010

Product Description:

The power steering rack, also known as a **steering gear** or **steering rack and pinion**, is an essential part of a car's power steering system. It aids in transforming the rotational motion of the steering wheel, to a lateral or linear motion in order to control the direction of the front wheels.

It works by having the pinion gear attached to the end of the rack bar, which is in turn connected to the steering wheel. When the steering wheel is turned, the pinion gear pushes the rack in either a left or right direction depending on the direction the wheel is turned. This motion eventually reaches the wheels to turn in the same direction.

The power steering rack is an important component of the whole car system that creates an easy driving experience for the driver. As such, it should not be neglected and should be regularly checked by a professional to ensure it is working properly.

Features:

Our power steering rack is crafted from high-quality materials, including robust metal components and precision-engineered gears. This construction ensures strength, durability, and long-lasting performance in various driving conditions.

The power steering rack converts the rotational motion of the steering wheel into lateral or linear motion, allowing for precise control of the front wheels. This results in responsive and accurate steering, enhancing the overall handling and maneuverability of the vehicle.

Our power steering rack is designed to work seamlessly with the power steering system, providing the necessary assistance to reduce the effort required to turn the steering wheel. This assists in effortless maneuvering, especially at low speeds and during parking maneuvers.

Our power steering rack incorporates high-quality seals and bearings that minimize friction and ensure smooth operation. This results in a quiet and comfortable driving experience, with reduced noise and vibration transmitted to the steering wheel.

We prioritize quality and performance, and we subject our power steering rack to rigorous testing and quality control measures to meet or exceed industry standards. As a result, you can trust our product to be reliable and durable.

Support and Services:

Our **Power Steering Rack** is backed by our technical support and service. We provide a wide range of services, including:

Expert advice and assistance

Installation and troubleshooting

Repair and maintenance

Software and hardware upgrades

Product training

Product replacement

Our team of experienced professionals will ensure that you receive the best possible solution to fit your needs. If you have any questions or need additional information, please don't hesitate to contact us. We are committed to providing you with the highest level of service and satisfaction.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
